9/9/69

The following information was taken from our 9/8/69 stock and order report and your 8/26/69 guns needed report. If it isn't too late, I would like to see some of the Sept. and all of the Oct. 270 production switched to caliber 30'06 and 7mm. In addition I would like to see all of the Oct. 300 Mag production switched to the 7mm or 30'06.
