FROM METHODS & STANDARDS

DATE 5-22-70

MODEL 700 CALIBERS - 7MM REM. MAG., 254 WEN. MAG., 300 WEN. MAG.

Based on our #2-1970 Sales Forecast (14,120) for the above calibers, the use of Regular Barrel Steel in place of the present Stainless would reduce factory costs an estimated \$20,340. (See Estimate 10-21-69 - \$5.69/gun)

By maintaining current 1970 price levels there would also be an estimated increase in factory profit of \$30,340.
