Mr. Michael E. Lauman
3126 Ambergate Drive
Anchorage, Alaska 99504

Dear Mr. Lauman:

Remington introduced the Model 700 Rifles in 1962. The Model 700s chambered for the 22-250 cartridge were introduced in 1965.

Our records reveal that your Model 700 (22-250 Cal.) rifle bearing serial number 200544 was manufactured during 1966.

I believe it is rather doubtful that your Model 700 bearing the above serial number was the 544th one produced. I say this because there were several thousand (of the 22-250 Cal) M/700s manufactured during 1965.

We are hopeful that this information will assist you.

Very truly yours,

L. K. Goodstal
Curator - Remington Museum
