Dear Dick:

Many years ago, while I was working for a newspaper in Texas, I asked Ted about a rifle stamped "6MM Remington Magnum," which belonged to a fellow at Seymour, Texas -- who I couldn't talk out of it. He said none were supposed to have left the plant, but apparently a few did.

I am enclosing a letter from a fellow who has one. Can you give him any of the information that he requests?

Best regards,

to me, so I can run a letter. (Please return)
