*Answering 11/18/74*

TO: T. H. PRATT  
FROM: H. D. ALBAUGH  
SUBJECT: NEW VERSION M/700 BDL 17 REM.

The Stock and Order Report of 9/27/74 indicates that 399 of the above 1973 vintage specification is on hand at Ilion. Past performance says that this quantity will not be sufficient for 1975.

Therefore, we ask Ilion to plan to produce 700 17 Rem. guns in new BDL versions by February 1, 1975 to cover the year's requirements. The new versions have been assigned Order Number 5800. Remaining inventory of 1973 versions will be closed out during 1975.
