

J. Barber

Model E-500000 Trap

An A & B grade model will be ready by the middle of Dec.
 including of the next side and a stock are still required.

The target trigger has a binding problem in the kinematic
 work is being done to assure the return of the kinematic
 during the cocking operation.

Model 700-000 Fire Control

A new Fire Control for these rifles will be
 required. Included in the design will be
 the blocking of this rear and trigger. Provision
 will be made to open the bolt and unlock the
 hammer with the safety in the on safe position.

Model 700-000

Collection of all the data
 .P. 1000

John Remington
