JOHN BROOKS

XP-100 TRIGGER BALANCES

The Product Safety Subcommittee agreed that "The Silhouette" should be notified concerning the function of the trigger balance in the stock of the XP-100. I think such a letter should come from Ilion, rather than Remington's Legal Department, so I have attached hereto a proposed draft of the letter for your review and use. After you have reviewed the letter, give me a call and we can discuss.

A large, stylized handwritten signature in cursive script, appearing to read "R. B. Sperling".

R. B. Sperling
