LETTER FROM MR. C. V. TOMPKINS
MODEL 700 COMPLAINT

Jack:

In the enclosed letter (dated September 14, 1977) Mr. Tompkins has included a list of people who supposedly own M/700 rifles which discharged when the safe was released. I requested their names on my trip to visit him concerning his rifle.

Would you please contact these individuals and ask for the return of their rifles so we can inspect them? Please have them mark the box for the attention of Mr. Sienkiewicz so Ed can coordinate our Illon activities on these rifles.
