

BOLT ACTION RIFLE QUESTIONNAIRE

7mm-08 Cal. Serial # B6226-273~~###~~
JHC

1. What do you like about the new bolt action rifle?

(The Bolt should feed in easier) I like
it because it is a magazine - Short over all
length - Functions & Feeds well, good reliability

2. What do you dislike about this new gun?

Bolt should be designed with the more quiet
so as not to hang on anything - Not to put
stress on the bolt in some cases

3. How would you improve the consumer acceptance of this bolt action rifle?

Lower the stock more - Especially in Federal
Area - lighter in weight in service Calibers
lighter stock

4. In terms of overall quality, how does this new gun compare to other center fire rifles in Remington's line?

The overall quality is excellent - Good to shoot
it good

5. Given a \$210 suggested retail price for the M/788, a \$298 price for the M/700 ADL and a \$358 price for the M/700 BDL, where do you think the new gun would fit in our line from a price standpoint?

new 250 - 260 BDL price - with the better
fit - new line
