the State of New York, County of

Mr. William Gibbs

Dear Mr. Gibbs:

The Chaffin Law Firm represents a young man who was severely injured when a Remington Model 700 rifle fired without the trigger being pulled. It is our understanding that you may have had a similar experience with a Remington Model 700 rifle. We are attempting to gather as much information as possible about other instances where a Model 700 rifle has discharged without the trigger being pulled.

We would appreciate it very much if you would complete the attached questionnaire and return it to our office in the self-addressed, stamped envelope which we have provided for your convenience. Please feel free to call me if you have any questions or if you need any additional information. Our toll-free numbers are 1-800-580-8570 in Texas and 1-800-866-8570 outside of Texas.

Thank you for your prompt attention and assistance in this matter.

Sincerely,

THE CHAFFIN LAW FIRM

I sent the gun back to Remington in early Jan, 1979. They had me send the rifle to them, they said they replaced the bolt & firing pin and also sent me some money to have my truck windows repaired. I forgot the exact amount. I was in the middle of a nasty divorce and I misplaced all of the papers. But I did find a return envelope from them.
