J. Holda  
7663 Lime Lane  
Parma, OH 44129

Dear Mr. Holda:

Thank you for your inquiry. We have a Safety Modification Program on certain model bolt action rifles. This is a voluntary program, it is not a recall. This is designed to remind people of the existence of the lock feature and to offer customers the opportunity to modernize their products.

We have included more information regarding this program in the following pages.

As America's oldest gunmaker we have full confidence in the integrity of our firearms and ammunition products and their ability to function as designed. Safety, quality and reliability are the hallmarks of 184 years of Remington
