

MODEL 1100

History
 Introduced in 1968, the Model 1100 is the first successful pump action line gas operated auto loader ever produced. Over 4 million produced to date.

The standard by which all other auto-loading shotguns are judged!

Features and Benefits
 Receiver machined from solid steel.
 Hammer forged barrels.
 Very similar to the 440 in design and function.
 Holds the record of any auto-loading shotgun in the market.

Variations
 Target versions available for any competition from 3 Gun to Sporting Clays.
 Hunting versions available for a wide range of game from squirrels to waterfowl to turkey or deer.
 Youth models also available for young or shooters of smaller stature.
 The ONLY auto-loading 1100 in the market.
