Skeet Version Added to Remington® Model 1100™ Sporting Line

Madison, NC – A long-standing favorite on the range and in the field, the soft-recoiling Model 1100 autoloader is now available in a 12 gauge version designed for the challenges of the skeet field – the **Model 1100 Tournament Skeet**. This competitive shotgun combines the elegant look of our sporting-grade line with the dependable "hall of fame" performance of our best-selling autoloader.

The **Model 1100 Tournament Skeet** has a semi-fancy American walnut stock and fore-end with an attractive high gloss finish and distinct cut-checkering. The receiver is roll-marked with "Tournament Skeet" and both receiver and barrel have a polished blue finish. Completing the classic look is a gold-plated trigger. The 26-inch light contour, vent rib barrel features twin bead sights and is supplied with Extended Target Choke Tubes (Skeet and Improved Cylinder).

Remington's rich tradition of building quality shotguns combined with the long history of skeet records set with the Model 1100 makes this new offering a "no-miss" choice. The **Model 1100 Tournament Skeet** is available at a suggested retail price of \$868.
