Remington Introduces the Elite Safe Series

Madison, NC – Joining the company's impressive line of home security safes and accessories, Remington is proud to announce the new Elite Series with seven initial safe offerings including the Silver Elite 15, Silver Elite 23, two versions of the Gold Elite 23, Gold Elite 26, Platinum Elite 35 and Platinum Elite 48.

All safes in the Elite line feature newly designed external hinges, fire resistant OMEGA rating of 1200 degrees for 30 minutes (45 minutes in the Platinum Elite safes), Flex interior configuration (Easy Out interior on Silver Elite 15 only) and one inch thick composite fire-sealed doors with the traditional Remington® logo. And as with all Remington safes, the Elite series has a UL listed residential security rating and limited lifetime break-in warranty.

The **Silver Elite 15** has an internal volume of 15-cubic feet with room for up to 21 firearms with external dimensions of 24"W x 55"H x 30"D. The body of the safe is constructed of 12-gauge steel in a textured, gray granite finish, complimented by the polished chrome hinge caps and brushed chrome, single handle. The Silver Elite safe has 8 one-inch locking bolts (four active and four stationary) with aluminum bolt guides for whisper quiet operation and a Sargent & Greenleaf (S&G) bank type locking dial. The interior and inside door panel are covered in a gun-metal gray premium fabric.

With a spacious 23-cubic foot volume and room for up to 25 firearms, the **Silver Elite 23** offers all the standard features of the Silver Elite 15 with the addition of two locking bolts (five active and five stationary) and a rich interior carpeting and covered inside door panel in gun-metal gray. External dimensions are 30"W x 60.5"H x 22"D.

The **Gold Elite 23** and the **Gold Elite 23 with 3 Spoke Handle and Electronic Lock** safes provide added security in a more luxurious package. Both models are constructed of 12-gauge steel in Classic Black, Metallic Burgundy or Forest Green with polished brass single handle, hinge caps and S&G locking dial. The 11 one-inch locking bolts (six active and five stationary) are housed in whisper quiet aluminum bolt protectors. With overall dimensions of 30"W x 60.5"H x 22"D and an interior capacity of 23-cubic feet, the Gold Elite safes can accommodate up to 25 firearms. The Gold Elite 23 has a premium fabric interior and covered inside door panel. For the ultimate in security and décor, the Gold Elite 23 with 3 Spoke Handle and Electronic Lock features a UL approved electronic lock, polished brass three-spoke handle and soft buckskin interior and covered door panel.

Completing the Gold Elite line is the **Gold Elite 26** with a capacity for up to 28 firearms and roomy interior volume of 26-cubic feet and 24-inch depth. Available in Classic Black, Metallic Burgundy or Forest Green, the 11-gauge steel body features a S & G Group II lock, polished brass hinge caps and three-spoke handle. The 11 one-inch locking bolts are all active and have aluminum bolt guides. The inside door panel and flex interior are covered in our premium velour buckskin.
