

Remington Press Release

Remington Introduces the Elite Safe Series (cont'd.)

At the top of the Elite series are the Platinum offerings with overall dimensions of 36"W x 60.5"H x 27.5"D, these large capacity, high-end safes feature external hinges with 14-karat gold hinge caps and three-spoke handle with oversized hub and are available in Classic Black, Metallic Burgundy or Forest Green finishes on the 11-gauge steel body. Both Platinum Elite safes feature the premium velour buckskin interior and covered inside door panel. The **Platinum Elite 35** has a voluminous 35-cubic foot interior and 27-inch depth with space for up to 39 firearms. Added security features include 11 active, one-inch locking bolts with aluminum bolt guides, S & G Group II lock and 1200 degrees/45 minute OMEGA rating. The **Platinum Elite 48** is at the top of this safe series featuring the higher, 45-minute fire resistance rating, 13 active one-inch locking bolts and our largest interior with room for up to 52 firearms. With a depth of 27 inches and a 48-cubic foot volume, the Platinum Elite 48 outweighs the competition with its added safety amenities and overall capacity.

The introduction of the Elite Series to Remington's high quality line of safes and accessories, gives firearms enthusiasts a wide range of moderate to premium choices for home security.
