Remington Arms Co., Inc.

Section	Question	Answer
	Why flid we put up a safety section on our website?	Making quality firearms that can be reliably and safely used has always
		been important at Remington. Focusing on safety on the website is part of
		that long time concern. Additionally, we have rolled out other safety
₩₩		related sections. See website for the following sections:
		- 10 commandments course
		- Shotgun safety section
		- Blackpowder safety
		- Ammunition safety
		Tree Stand safety
		* Safety products we sell
		- Education links for local safety courses
		- /////
		The safety section will be updated on an ongoing basis and the key topic
		wall be rotated based on the current hunting season
Cleaning	How should I clean my gun?	See cleaning instructions, website and owners manual/instruction booklet
	What should I use when I clean my gun?	See cleaning instructions, website and owners manual/instruction booklet
Repair and	Where can I take the gun to have it checked out?	You have two choices:
Checkup	Obsolete	1. You should have the furarms hecked out by a qualified gunsmith
services	Current production model	We can help refer you to one or you can look in your local
		triephanz book.
		2. Or you could send it back to us at the factory and we would be
		glad to look at it for you:
		Remington Arms Co., Inc.
		Attn: Arms Service Division - TPA
		14 Hoefler Avenue
		Hion, NY 13357
		Please go to our website and fill out the factory repair form and include it.
		with the firearms when you send it back to us.
		Note: Remind people that they should have the guns checked out
		periodically by a qualified gunsmith
		NOTE: An obsolete gun may not be repairable
