	Can Eg	et gry firearm, which has a bolt lock safety installed, I to a current non-bolt lock safety? uch would it cost?	Yes. We can do it for you in the factory, or you can take it to one of our Authorized Repair Centers. If you would like to do this we would be glad to clean your firearm at the same time. There will be no charge for the cleaning service, just the replacement of the bolt lock safety. When we change the safety, we will install an entirely new trigger assembly that includes a non-bolt lock safety.
