

- 21  BARREL/ACTION
- Drilled and tapped for scope mounts
 - Uniform scope mounting surfaces
- 22  BARREL/ACTION
- Drilled and tapped for scope mounts
 - Uniform scope mounting surfaces
 - 3 Rings of Steel
- 23  BARREL/ACTION
- Drilled and tapped for scope mounts
 - Uniform scope mounting surfaces
 - 3 Rings of Steel
 - 3 Locking lugs that lock into barrel
- 24  3 LOCKING LUGS
- 25  BARREL/ACTION
- Drilled and tapped for scope mounts
 - Uniform scope mounting surfaces
 - 3 Rings of Steel
 - 3 Locking Lugs that lock into barrel
 - 60 degree bolt throw
- 26  BARREL/ACTION
- Drilled and tapped for scope mounts
 - Uniform scope mounting surfaces
 - 3 Rings of Steel
 - 3 locking lugs that lock into barrel
 - 60 degree bolt throw
 - Bolt liner is nylon, reinforced fiberglass with Teflon and silicon additives
- 27  BARREL/ACTION
- Drilled and tapped for scope mounts
 - Uniform scope mounting surfaces
 - 3 Rings of Steel
 - 3 locking lugs that lock into barrel
 - 60 degree bolt throw
 - Bolt liner is nylon, reinforced fiberglass with Teflon and silicon additives
 - All steel bolt handle, swept rearward and downward with knurling
- 28  BARREL/ACTION
- Drilled and tapped for scope mounts
 - Uniform scope mounting surfaces
 - 3 RINGS OF STEEL
 - 3 LOCKING LUGS THAT LOCK INTO BARREL
 - 60 degree bolt throw
 - Bolt liner is nylon, reinforced fiberglass with Teflon and silicon additives
 - All steel bolt handle, swept rearward and downward with knurling
 - Bolt field stripable without tools
- 29  BARREL/ACTION
- Drilled and tapped for scope mounts
 - Uniform scope mounting surfaces
 - 3 RINGS OF STEEL
 - 3 LOCKING LUGS THAT LOCK INTO BARREL
 - 60 degree bolt throw
 - Bolt liner is nylon, reinforced fiberglass with Teflon and silicon additives
 - All steel bolt handle, swept rearward and downward with knurling
 - Bolt field stripable without tools
