Dear Adrian,

Welcome to Remington Country and thank you for your inquiry. We would recommend the Model 870 Express. I have linked you to our selections on the website.

It is possible, and not too difficult to modify the trigger on mo. 700 rifles. the problem is that people often misadjust the sear engagement, which can be very dangerous or fatal to you or someone else by accidentally discharging. if you understand the firearms mechanics it is fairly easy, but if you don't leave it to a professional!!!!
