Thank you for your inquiry. We have a Safety Modification Program on certain model bolt action rifles. This is a voluntary program at is not a recall. This is designed to remain appears of the existence of the bolt-lock feature and to offer customers the oppositunity to modernize their products.

You can read more information regarding our frearms and the Safety Modification program through the front page of our website or the link

http://www.remington.com/safety\_modification\_pragram/remington\_safety.htm

The safe use and performance of your firearm depends on correct assembly and routine maintenance, as well as adherence to the "10 commandments of Firearm Safety." http://www.remington.com/support/10comm.htm It is critical that you familiarize yourself with the information in both the owners manual and safety booklet. Whether you are a veteran shooter with a collection of Remington firearms, or a first time shooter, take the time to review this important literature and be certain that you are practicing firearm safety!

If you have any questions, please feel free to contact us at 1-800-243-9700 or 1-877-387-6691.
