Dear Mr. Stickles,
Thank you for contacting Remington Country. Please read an important message regarding the Model 660 at http://www.remington.com/Safety_Modification_Program/600_660.htm.

You should receive a copy of the 660 owner's manual within 2 weeks. The factory no longer offers parts for this model at the factory. Sources for parts and accessories for this model are listed at <http://www.remington.com/support/repairsvc/OBSOLETE.HTM>.

Due to the many variables involved with valuation, we would encourage you to refer to the many publications that are available on the subject of gun values or have it appraised by a collector. Many of these books are available through public libraries or local bookstores. For your convenience we have provided a listing of the more popular books:

I am looking for an owners manual for my Remington 660, 308 cal. I bought it about 30 years ago. I am also interested in any information about any accessories for this gun. I would also like to know the suggested retail value of this gun. I am not selling it but would like to know it's value for insurance purposes. I have not been able to locate a model 660 in any used gun stores.

Thanks,

Jay Stickles
