Dear Mr. Knutson,  
Thank you for your inquiry. Your firearm has been repaired and is in route back to you. It was shipped from our factory on Friday 4/5 and should take approximately 5 business days to get to you.

I sent my rifle to you for the bolt lock recall on 3-18-02 and would like to know if you have recieved it and how long it will be there. I understand you are very busy with the recall but a little info would be appreciated.
