Dear Len,

Thank you for your inquiry. Yes, the Safety Modification Program includes firearms in Canada. You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting Canadian Repair Centers:

Hello, I live in Edmonton, Alberta, CANADA and own a 700 BDL and a 700 ADL, both rifles I purchased new in the mid-70's and both have the bolt lockk system. Can you tell me if your Modification Program applies to Canadian rifle owners and if it does, can you advise me of the closest Remington Authorized Repair Center? I would hope that there would be one either in Edmonton or in Calgary. Thanks in advance for your assistance. I should advise that I originally saw your Program information bulletin in a hunting magazine and decided to contact you.
