Dear Mr. Pfeiffer,

Thank you for your inquiry and for participating in our Safety Modification Program. The Remington trigger block (single pack or three pack) is included in the safety rebate.

I had two rifles that I took to a local authorized gun shop to get my pre-1982 rifle bolt-lock replaced with the safety modification program. The gun shop gave me the \$20 Remington Brand safety rebate form. I planned to get trigger locks for the \$20 rebate. On the form under "Remington Locking Devices" is listed the cable lock. I want to know if I can get the trigger lock instead of the cable lock? My rifle is the ADL model, and I don't see how the cable lock could work.
