Dear Mr. Erickson,

Thank you for your inquiry. We do have a recall on some Model 600 rifles. You can find the complete details regarding this program through the front page of our website or through the link below:

I recently read about a recall on this model in 1974 or so and something about the bolt lock safety. Could you check to see if this gun has ever been serviced for the recall and where can I take it to get the bolt lock safety repaired?

Thank you,
Jay Erickson
