Dear Paul,

Thank you for your inquiry. Many Model 600 rifles came with a gold trigger. We want to make you aware of a recall that we have on these rifles. You can read all of the details regarding this recall through the Bolt action safety message on the front page of our website or through the following link:

This rifle is in like new condition. It has a gold trigger. Is this trigger a factory original issue on this model with that serial #? Please let me know if you can. Thanks a lot.

Paul
