If you will complete the form located through the link below we will forward to you a copy of the original owner's manual.

You can also find owner's manuals for some of our current models on-line in our Reading Room in the "What's New" Section.

We also want to make you aware of a Safety Modification Program that we are having on these rifles. You can find more information regarding this program through the front page of our website at www.remington.com.

I will be getting my grandfathers Remington 700 rifle and am wondering if I can still get a manual for it. The gun was made in 1962-63 and is chambered for 308(I have been told). Thanks in advance for your help.
