Dear Mr. Schoenwald,

Thank you for contacting Remington Country. Your Model 700 with serial number 6427057 was manufactured around 1971. According to the information provided, this firearm has not been involved in a recall. Serial number 18239 would have been produced in the first year of the Model 700, 1962 and was not listed in a recall.

Your Model 700 rifles have a bolt-lock mechanism. They are eligible for the bolt-lock Safety Modification Program. If you participate, your firearm will be cleaned and inspected for proper functioning by a qualified gunsmith. For instructions on participating in this modification, go to:
