Dear Mr. Hedges,

Regarding repair number 62047, your Model 600 was shipped back to you by UPS on 3/6/03.

A replacement trigger guard is no longer available direct from the factory.

Customer (Steve Hedges) 2/15/2003 10:11:02 PM
I am sending this second reply to your last message seeking confirmation that you have received my Remington Model 600 rifle for the trigger/bolt lock recall/replacement. I thought that I must have purchased delivery tracking and confirmation when I mailed the rifle, but apparently I did not. The rifle was shipped with a repair order form indicating my following name and address. I also had a question, written on the repair for, about replacement/upgrade of the trigger guard. Can you confirm that you received the rifle, and address my question about the trigger guard?
I mailed the rifle from Greensboro, North Carolina on February 18, 2003.
