Dear Mr. Baker,

Thank you for your interest in Remington firearms. The firearms are not offered with unfinished stocks. The finish can be stripped and refinished after you purchase it, however this will void the warranty on the stock.

I bought a used .222 but took it back because I didn't like the bolt lock. I'm left handed but prefer a right handed gun. If I ordered a new .222, could I get one unfinished and without a cheek piece. I would like a dull finish and could apply it myself. Thanks.
