Dear Mr. Smith,

we can check to see if the rifles have been recalled if you will forward the serial numbers on the left side of the action. Certain Model 600 rifles were recalled. You can view more information on the recall and a safety modification program offered at:

[http://www.remington.com/safety\\_modification\\_program/600\\_660.htm](http://www.remington.com/safety_modification_program/600_660.htm)

To change your name go to:

My friend has 2 remington 600 rifles (222/308cal) we went to shoot the .308 at the range and the range officer came over to us and tols us that there had been a recall on that rifle. Is that so? and is it safe to shoot remington model 600'S? How does he handle the recall if there is one? David Smith  
P.S. My signin name is spelled wrong (Gavid vs. David) and I don't know how to change it.
