Dear Mr. Quinnette,

We apologize for any inconvenience you may be experiencing. We recommend taking/shipping the firearm to the following Remington Premier Repair Center for inspection. For US repairs we recommend the following for your area.

Williams Gun Sight & Outfitters
7389 Lapeer Rd., Route #1
P.O. Box 329
Davidson, MI 48423
Phone: 810-653-2131
Fax: 810-658-2140

You can find additional Remington Warranty Centers for the US and internationally at the following section of our site.

<http://www.remington.com/repairsvc/modelselection.asp>

To view the warranty for Remington firearms, go to:

<http://www.remington.com/support/warranty.htm>

Problem-- locked the lock with the bolt closed.
Friend picked up rifle and set safety to fire and dry fired rifle.
Now I cannot open bolt, cannot set safety back to safe.
How do I fix this?
