Dear Mr. Harman,

Thank you for contacting Remington Country. If your rifle was originally installed with a bolt-lock, which means you have to put the safety switch on fire before you can open the bolt. We are offering a conversion at a special price if you would like your firearm converted, so that you can open the bolt at anytime with the safety on safe. To view more details regarding this modification, go to:

[http://www.remington.com/Safety\\_Modification\\_Program/remington\\_safety.htm](http://www.remington.com/Safety_Modification_Program/remington_safety.htm)

If in the US, we recommend taking/shipping the firearm to one of the following Remington Premier Repair Centers for inspection.

Bolsa Gunsmithing  
7404 Bolsa Ave.  
Westminster, CA 92683  
Phone: 714-894-9100  
Fax: 714-898-9164
