Dear Jorge,  
we don't have a kit put together for older guns, but your gun may be eligible for the Safety Modification Program. Please click on the links below for more the information you have requested. We hope this information is helpful and we appreciate your loyal support of Remington products.

I have a model 700 ADL 30-06

that is 20 yrs old.. i purchased the rifle used

with no type of maintenace history i don't know what if any maintenace was done on the rifle

is there a maintenace kit for commonly replace or repair parts for a gun this old.. (any info would be greatly Appreciated )

also what is the recommended scope (size/power) for this rifle

for medium to long shots(75 to 200 yds)
