Dear Mr. Davis,

Thank you for your inquiry. By the serial number, your 700 was produced around 1978.

Your rifle was originally installed with a bolt-lock, which means you have to put the safety switch on fire before you can open the bolt. We are offering a conversion at a special price if you would like your firearm converted, so that you can open the bolt at anytime with the safety on safe. To view more details regarding this modification, go to:

http://www.remington.com/safety_modification_program/remington_safety.htm

Customer (John T. Davis)
MODEL 700, SERIAL #A6510362
