Dear Mr. Underwood,

Thank you for your patience. Your Model 700 was produced in 1962. Your firearm has not been involved in a recall. Your rifle was originally installed with a bolt-lock, which means you have to put the safety switch on fire before you can open the bolt. We are offering a conversion at a special price if you would like your firearm converted, so that you can open the bolt at anytime with the safety on safe. To view more details regarding this modification, go to:

We recommend that a gunsmith inspect a rifle of this age to ensure it has not been tampered with and parts are clean and not worn.
