Thank you for your inquiry. Please go to the following link. http://www.remington.com/Safety\_Modification\_Program/remington\_safety.asp

Customer (Bradley Johnson) 11/20/2004 1:14:39 AM Thanks for you response. I did get the bolt locks on my Rem 700 fixed by Federal Firearms, a gunsmith on your website. Thanks for the help and the modification does make it a much safer firearm.

Brad Johnson
