Dear Mr. Summers,

We did not reprint the rebates, however they have been extended through the end of 2004.

I recently (Dec 12) had the bolt lock modification and inspection done on my model 721 by a local (Austin, Tex) approved Remington gun smith. The \$20 refund coupon I received for purchase of certain Remington products has a December 03 (2003) expiration date. Will this coupon be honored?

Thanks

Ray Summers
