### Remington Introduces New Limited Edition Centerfire Rifle Series – Model 700™ CDL™ SF™ Limited

**Madison, NC** – Remington is pleased to announce the first offering in a new limited edition Model 700 collectible series – the **2006 Model 700 CDL SF (Stainless Fluted) Limited**. In celebration of the 100<sup>th</sup> Anniversary of the cartridge, this CDL Limited will be chambered in .30-06 Springfield for 2006. Commemorative engraving and limited production quantities will add to the collectible value of this new multi-year series.

The introduction of the traditionally-styled Model 700 CDL (Classic Deluxe) in 2004 was a welcome addition to the legendary family of Model 700 bolt action rifles. The CDL combines the handsome appearance of a classic walnut stock rifle with the rigid, highly accurate Model 700 cylindrical receiver design. The new Stainless Fluted Limited offering takes this traditional hunting rifle to a new level.

The Model 700 CDL SF Limited is housed in a satin finished, straight comb American walnut stock with right-handed cheek piece. Enhancing the classic look of the stock are generous cut checkering, black fore-end tip and grip cap. The durable, satin finished 416 stainless fluted barreled action, engraving on the hinged floorplate denoting the 100<sup>th</sup> anniversary of the .30-06 cartridge and “Model 700 Limited” rollmark on the receiver, set this limited edition CDL apart from the standard offering. Other features include clean 24-inch, hammer-forged barrel, jeweled bolt, four round magazine capacity; recoil-softening R3® Pad, and sling swivel studs.

Whether taken afield or displayed proudly in your gun cabinet, the **2006 Model 700 CDL SF Limited** chambered in the acclaimed .30-06 Springfield is a requisite addition to your gun collection. Following in the footsteps of the 25<sup>th</sup> and final Model 700 Classic offering, the Model 700 CDL Limited will be available for one year only at a suggested retail price of \$863.
