

MANAGED-RECOIL™

REDUCE RECOIL TO IMPROVE YOUR CHANCES OF SUCCESS IN THE FIELD

A new revolutionary feature in Remington-Union Carbide's new line of rifles, the Managed-Recoil™ Slugger, is designed to reduce recoil by as much as 50% over standard slug rifles. This is accomplished by a unique design of the rifle's action, which allows the rifle to absorb the recoil of the slug and return it to its original position before the next shot. This feature is particularly beneficial in the field, where a shooter's accuracy and comfort are paramount. The Managed-Recoil Slugger is available in a variety of calibers, including .308 Winchester, .300 Winchester Magnum, and .270 Winchester. For more information, contact your local Remington-Union Carbide distributor.

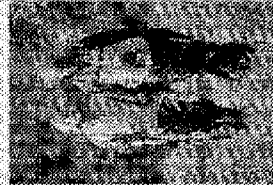

- Fully effective safety and accuracy in 100 yards
- Fully effective safety and accuracy in 200 yards
- Fully effective safety and accuracy in 300 yards
- Fully effective safety and accuracy in 400 yards
- Fully effective safety and accuracy in 500 yards

- Fully effective safety and accuracy in 700 yards
- Fully effective safety and accuracy in 800 yards
- Fully effective safety and accuracy in 900 yards
- Fully effective safety and accuracy in 1000 yards

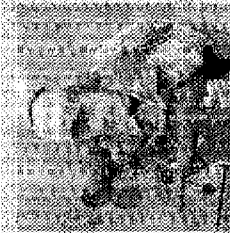

NEW SOUTH GERMANY RECOIL

South Germany Recoil is a new feature in the Managed-Recoil Slugger, designed to further reduce recoil. This feature is achieved by a unique design of the rifle's action, which allows the rifle to absorb the recoil of the slug and return it to its original position before the next shot. This feature is particularly beneficial in the field, where a shooter's accuracy and comfort are paramount. The Managed-Recoil Slugger is available in a variety of calibers, including .308 Winchester, .300 Winchester Magnum, and .270 Winchester. For more information, contact your local Remington-Union Carbide distributor.

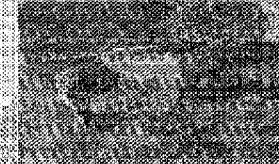

MANAGED-RECOIL™ APPLICATIONS

With its unique design, the Managed-Recoil Slugger is ideal for a wide range of applications. It is particularly well-suited for hunting in the field, where a shooter's accuracy and comfort are paramount. The Managed-Recoil Slugger is available in a variety of calibers, including .308 Winchester, .300 Winchester Magnum, and .270 Winchester. For more information, contact your local Remington-Union Carbide distributor.
