

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Any modification to this product not expressly approved by Remington Arms Company, Inc., could void the user's authority to operate the equipment.

Remington Model 700™ ETRONX® Bolt Action Rifle

Congratulations on your choice of a Remington. With proper care, it should give you many years of dependable use and enjoyment. For best results, we recommend that you use Remington-Elcort® Ammunition. The ammunition used in factory testing your firearm against our exacting function and performance standards.

Firearm Safety

A person using any firearm has assumed an enormous responsibility. You must use your firearm in a way that will ensure not only your own safety, but that of others. Safe handling is not a part-time or occasional requirement — it is a full-time responsibility. You must know how to use your firearm safely & at all times, under all circumstances. Never use any firearm without a complete understanding of how it works and how to use it safely.

This instruction book is intended to help you learn how to properly and safely use and care of your Remington firearm. Only when you understand and can safely practice all of the instructions in this book should you begin to use the firearm with live ammunition.

For the safety of the shooter and bystanders, if you buy or sell this firearm, this book must accompany the firearm. If you have any questions concerning the safe use of your Remington firearm, write to us at Remington Arms Company, Inc., Consumer Affairs Division, P.O. Box 700, 800 Remington Drive, Madison, North Carolina 27025 or call toll-free 1-800-243-9700.
