

## What Makes the Model 700 Great?

- ***“Three Rings of Steel”*** (See Picture 4)
  1. Cartridge head is enclosed by the recessed bolt face
  2. Bolt face locks up inside the counter-bored breech of the barrel
  3. Barrel breech is surrounded by the receiver.

### **The Result is Unparalleled Strength Exhibited by the Remington Action!**

(Note: Three Rings of Steel Applies to Model Seven, Model 673,  
and Model 710)
