Subject: RE: P/N F202540 700 SS TRIGGER PIN

John
Martin from Palladin called me. Seems that you and I do not use the same trigger pivot pin.
He has both drawings and says they are different.
? He said your pin does NOT have
a head on it.
Must be my mistake. I thought the M710 and M700 used the same.

Sorry bout that.
