M/710 Short Action Options (22-250, 243, 7mm-08, 308)

Option 1: Standard Action Length -- Produced on Long Action/Magnum Frame

Part changes required to accommodate short action calibers

- Barrel -- caliber specific, standard outside contour
- Bolt Head -- common to long action
- Extractor -- common to long action
- Magazine Box
- Magazine Box Spacer
- Magazine Follower
- Magazine Spring (may be common to M/700 ADL short action spring)

Option 2: Reduced Action Length -- Minimum Length to Accommodate Calibers

Part changes required to accommodate short action calibers

- Barrel -- caliber specific, reduced outside contour
- Stock -- new stock mold due to inletting changes
- Receiver -- shortened to specified length
- Receiver Insert -- new mold to specified length
- Bolt Body
- Firing Pin
- Firing Pin Spring
- Bolt Head -- common to long action
- Extractor -- common to long action
- Magazine Box
- Magazine Follower
- Magazine Box Bottom
- Magazine Spring (will be common to M/700 ADL short action)
