

REMINGTON CONTINUES ITS COLLECTIBLE KNIFE SERIES FOR 2006

Madison, NC – For generations, sportsmen and knife collectors have eagerly anticipated the annual arrival of Remington® collectible knives. For 2006, Remington is continuing the tradition by offering two finely crafted, limited edition knives.

2006 Bullet™ Knife – Continuing a tradition that spans for decades, Remington is proud to offer the 2006 Bullet Knife entitled “Trail Boss”. This handsome folder is designed in the single hinge banana-jack pattern and features a 3-inch Drop Point blade and 4 1/4-inch Spey blade. The beautiful black cherry jig-bone handle exhibits nickel silver bolsters and rivets with solid brass liners and traditional Remington bullet shield on the face side. The 2006 “Trail Boss” Remington Bullet knife has an overall length of 5 1/4-inches closed.

Outdoor Exploration Knife – The second in a series of highly collectible, one-year production, knives celebrating the exploration of the great American wilderness. The East knife features both the Remington logo and traditional “Remington Country” compass face with the corresponding direction etched on the clip blade. In addition to the unique blade work, the “compass” shield, signifying the outdoor exploration series, is embedded on the genuine jig-bone handle. The handle is accented with nickel silver bolsters and rivets with solid brass liners. The East knife is constructed with a 3 1/8-inch Clip blade and 3-inch Spey blade with a closed length of 4 1/2-inches.

The Outdoor Exploration Knives are packaged in a unique display box designed in a manner that progressively builds a Remington Country Image on two sides upon completion of the set.

All Remington collectible knives are made in the U.S.A. and are available at your local Remington dealer or please visit our web site at www.remington.com.
