

**REMINGTON® D-SERIES™ HUNTING KNIVES
NOW AVAILABLE IN CAMOUFLAGE VERSIONS FOR THE FIELD**

Madison, NC - Remington Arms Company's successful D-Series Fixed Blade Hunting Knives are now available with Mossy Oak® Break-Up® camouflage handles in three highly-functional designs – Drop Point, Clip Point and Skinner/Gut Hook. These popular D-Series hunting knives will also continue to be offered with the traditional black handles.

Housed in a rugged black leather sheath with quick release snap, these field-ready knives feature fully camouflaged handles made of tough 6061-T6 aircraft aluminum, precision machined with a hard-anodized finish. Other features include a stainless steel lanyard hole with handy nylon cord. The durable fixed blades of the D-Series offerings are constructed of 420 high carbon stainless steel with bead blasted finish, providing resistance to corrosion and other environmental conditions. The traditional Remington logo is etched on the face of each blade.

The **D-Series Skinner/Gut Hook** knife features a 3 ¹/₂-inch deep belly blade with utilitarian gut hook and overall length of 7 ⁵/₈-inches; the handy **D-Series Drop Point** knife has a 4-inch blade and is 8 ³/₈-inches in total length; and the **D-Series Clip Point** knife has the longest blade at 4 ⁵/₁₆-inches with an overall length of 8 ³/₈-inches.

The complete line of D-Series Fixed Blade Hunting Knives are highly functional, durable and made in the U.S.A. Visit our web site at www.remington.com for a complete listing of Remington's high performance, traditional and collectible knife series.
