

Our good friends at Brothers suggested that I contact you in regards to a firearm roundup that I am writing for the September/October issue of Heartland USA Magazine.

If you would like to submit a Remington product of your choosing, I will put it into the mix. What I need is a 75 word, Word document sent to me and an image –JPEG sent to fcostello@usthq.com.. This feature will be read by 1.2 million Heartland USA households this fall. If I can answer any questions or be of help in any way please don't hesitate to call.

Subject: Remington

Hi Jeff -

Hope all is well.

Thank you for thinking of us in regards to Remington, but they handle their PR in-house. I'm sure they'd love to participate in your firearms roundup though, so please redirect your request to Linda Powell at Remington, linda.powell@remington.com.

Hope to see you at ICAST. If you don't have it down yet, Zebco press luncheon is Wednesday, July 20, noon ? 1, Room N250.

Please join us.

Best,

Gary
