

2ea XR-100 .204 Ruger (RAMAC 25839)
4ea M700 VSF LH .204 Ruger (May need the Custom Shop to help get these done?)
4ea M700 VSSF II .204 Ruger (RAMAC 26333)

Obviously these all need to be reviewed and shot to make sure that they are primo guns. Please let me know how you want me to proceed with the orders for the LH .204's and I will ge an order in place for all guns.

Thanks.
