

MODEL 870™ PUMP SHOTGUN

Rugged Power Proven Over Time On The Streets.

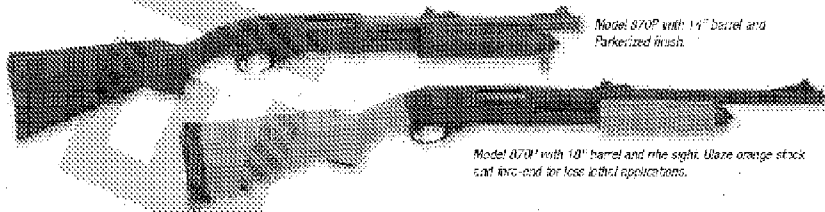

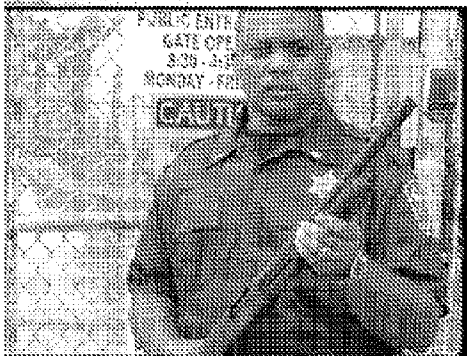

The Remington Model 870™ Pump Shotgun is the "Law Enforcement Shotgun of Choice" nationwide. Pure, rugged power comes to mind when thinking of the Model 870.

- The most reliable 12-gauge pump going has **double action bars** for the smoothest/easiest pump operation in conjunction with a **steel-lined/grooved fore-end** for a stronger grip, while the **Flexitab™** feeding system provides positive and easier cycling.
- Additional Stock Options include wood stocks and fore-ends, **Speedfeed® Synthetic Stocks** in solid or full pistol grip with two lengths-of pull, and/or 2 magazine tubes molded right into the stock holding 4 extra shells.

Tactical Model 870P™ features a 14" barrel to reduce the overall length for att ideal entry shotgun. Also, a Less-Lethal application shotgun is available with the addition of a blaze orange Synthetic Speedfeed® stock and fore-end for the instant recognition required.

Stock	Barrel Length	Gauge	Choke ¹	Sights	Finish	Order No.
