Remington Supports NWTF Conservation Efforts with the Introduction of Two Logo Shotguns

Madison, NC -- For nearly 200 years, Remington has maintained a rich history of manufacturing reliable sporting firearms and that same dedication has been evidenced in Remington's commitment to conserving wildlife and wildlife habitat. By forming partnerships with the leaders in the world of conservation, Remington has been able to provide millions of dollars to their efforts. For 2005, Remington is pleased to introduce two limited edition Team NWTF shotguns -- the versatile 12-gauge, 23-inch Model 11-87™ SPS-T™ (Special Purpose Synthetic-Turkey) Super Magnum™ NWTF edition and for the younger turkey hunter, the Model 870™ Express® Jr. NWTF Jakes edition in 20-gauge. Remington will donate a portion of each sale of these NWTF logo shotguns to the National Wild Turkey Federation for their ongoing conservation initiatives.

Model 11-87 SPS-T Super Magnum Camo NWTF Edition -- The stock, receiver and barrel of this powerful 12-gauge magnum autoloading shotgun are fully camouflaged with Mossy Oak's newest and most versatile pattern, Obsession®. A non-reflective, antique bronze medallion on the stock of this limited edition Model 11-87 features the Team NWTF logo. Housed in a weather resistant, Monte Carlo style synthetic stock with sling studs and swivels, this Super Mag features an easy-handling 23-inch Rem™ Choke vent rib barrel with Turkey Super Full choke tube included. Ideal for the lower light conditions of turkey hunt, light-gathering adjustable TriGlo® rifle sights top the barrel. The capability to handle 3 1/2 and 3-inch magnum shells and heavy field load 2 3/4-inch shotshells interchangeably, makes this Model 11-87 the answer to virtually every turkey hunting situation. A matching camo padded sling is included. Suggested retail price: \$1013.

Model 870 Express Jr. NWTF Jakes Edition -- A new addition to Remington's line of Youth shotguns, this Model 870 is designed for the younger hunter with perfect length, weight and balance for ease of handling. This reliable, softer-recoiling 20-gauge pump shotgun has the same Team NWTF logo medallion embedded in the stock and both stock and fore-end feature the multi-functional Skyline® Excel® camo pattern. Based on the time-proven, reliable Model 870 twin action bar design, this 20-gauge Express version can handle magnum 3-inch and 2 3/4-inch loads in a package that fits smaller stature hunters. The Jakes edition has a 12-inch length of pull, a full two inches shorter than standard Model 870 shotguns and one inch shorter than traditional youth models. The 18 3/4-inch Rem Choke vent rib barrel comes with a Full choke and features a single bead sight. Both the barrel and receiver have a non-reflective, matte black finish. For quick attachment of a sling, the stock features a swivel stud and magazine cap swivel stud. Suggested retail price: \$419.
